

COMPUTER MECHANICAL ADVERTISING DESIGN

S K I L L S U S A C H A M P I O N S H I P S
JUNE 17, 2021

Competition Area:	Computer Generated Mechanical
Time:	1.5 hours
Subject:	Ad
Client:	Ford Motor Company
Assignment:	Assemble the ad shown using the elements provided
Size:	10.25" x 7.875"
Colors:	Full color
Assessed Points	100 x 2 (see attached judging sheet for point breakdown)
Procedure:	CAREFULLY view the Ad and all the elements provided to re-create the Ad.

NOTE: Text is NOT provided...you will have to type in yourself.

With your Desktop Layout program and using the Ad provided as a guide, SAVE the ad as your Contestant Number. Type in ALL of the text. Make sure your text/type matches the final ad EXACTLY. Using your RULER, transfer the measurements from your sample ad to your computer generated mechanical for placement of elements such as rule lines, border, type and image placement. You will import the images from the "IMAGES" folder. Assign colors as indicated. Pay close attention to the instructions, DO NOT PANIC... you can do this in the time allotted. PACE YOURSELF using your evaluation sheet as a guide...be aware of how the points are assigned. SAVE OFTEN!

Typeset your contestant number in 10 pt. Helvetica Bold, WHITE, or equivalent in the lower right hand corner of the page WITHIN the margin. Save as a Photoshop, flattened PDF, or an Illustrator PDF or Indesign PDF with the following naming convention: **(your contestant number)-Mechanical.pdf** For example: **301-Mechanical.pdf**

Materials Provided:	Copy of finished Ad for reference, actual size Images Judging sheet
----------------------------	---

INSTRUCTION SHEET

Please measure, and refer to the actual size ad.
